- A. State Bank of India
- B. Bank of Baroda
- C. Union Bank of India
- D. Apex Bank

PTN:

A loan write-off is a tool used by banks to clean up their bad loans (NPAs) from their balance-sheets. Even after written-off loans, the borrowers are liable for repayment (no waiver), hence the write-off does not benefit the borrower. It will benefit the banks by means of a clean balance-sheet.

Which country is building World's first waterless nuclear reactor using thorium?

A. Japan

B. USA

C. India

D. China

PTN:

The molten-salt nuclear reactor, which runs on liquid thorium rather than uranium, is expected to be safer than traditional reactors because the molten salt cools and solidifies quickly when exposed to the air, insulating the thorium, so that any potential leak would spill much less radiation into the surrounding environment compared with leaks from traditional reactors.
